**LETTER OF DEFICIENCY
WET 2004-058**

September 9, 2004

Shane Bergeron
PO Box 5004
West Lebanon, NH 03784

RE: DES Wetlands File #2003-01898, 16 Glen Rd, Enfield

Dear Mr. Bergeron:

On September 3, 2004, personnel from the Department of Environmental Services ("DES") conducted an inspection of the above-referenced property, more specifically referenced on Town of Enfield Tax Map 21 as Lot 26 (the "Property"). The purpose of the inspection was to determine compliance with RSA 482-A and NH Code of Admin. Rules Wt 100-800.

During the inspection the following deficiency was documented:

1. Approximately 125 linear feet of intermittent stream channel had been filled with wood chips to depths from one to three inches. Additional wood chips were observed within the banks of the stream. No erosion controls were observed. The intermittent stream leads directly into Mascoma Lake.

In response, you are requested to take the following actions:

1. Immediately install silt fence or other erosion controls along the thread of the stream channel (not across the stream) to prevent additional wood chips from eroding into the stream;
2. By September 24, 2004, remove, by hand, wood chips, branches, and any other slash from the stream. Do not remove the stumps within the stream bank because it is stabilizing the bank.
3. By October 13, 2004, provide photos of the restored area to DES.

RSA 482-A, the New Hampshire Wetlands law, was enacted to protect and preserve wetlands and surface waters from unregulated despoliation. Prior to dredging, filling, or construction in and adjacent to wetlands or surface waters, an individual is required to obtain a permit. If work is done without a permit, this is considered a violation of RSA 482-A. Failure to respond to this Letter of Deficiency in a timely and complete manner may be construed as noncompliance by the receiving party.

DES personnel may conduct another inspection at a later date to determine whether you have come into and are maintaining full compliance with the applicable statute and rules.

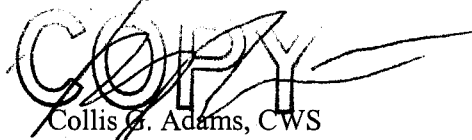

Issuance of this letter shall not preclude further enforcement by DES. Failure to comply with RSA 482-A will result in enforcement by DES, including but not limited to the issuance of fines, administrative orders, or referral to the New Hampshire Office of the Attorney General for prosecution of civil or criminal penalties. If an order is issued to you, it may also be recorded with the Registry of Deeds as an encumbrance against your property.

All documents submitted in response to this Letter of Deficiency should be addressed as follows:

Linda Magoon
Wetlands Bureau
Department of Environmental Services
29 Hazen Drive, PO Box 95
Concord, NH 03302-0095

Should you have any questions regarding this letter, please contact Linda Magoon at (603) 271-4056 or by e-mail at lmagoon@des.state.nh.us.

Sincerely,

Collis G. Adams, CWS
Administrator
